Halloween Chocolate Lollipops

This fun class introduces younger children to techniques for making 4 chocolate lollipops in all different Halloween shapes, sizes and colors. Children will learn how to use a pastry bag to fill molds and make colorful chocolate piece. They will then decorate each lollie by adding sprinkles and assorted candy bits to each lollipop, making each one a work of art! Take home an artistic collection of Ghosts, Frankenstein, Bats, Pumpkins, and Witches to put on display until Halloween or to gobble up and eat!

Saturday October 6th

10:30am – 11:15am

Christmas Chocolate Pretzel Rod Collection

What a fun and proud moment your child will have as they learn and explore the possibilities when making a collection of chocolate covered pretzel rods with parent or grandparent help. This is more than dipping a pretzel rod in chocolate, although there will be some of that! The Christmas theme provides lots of opportunities for color (red, green and white), shapes (trees and santa of course but also wreaths and presents!) and techniques (molding a pretzel with chocolate, dipping, and making small pieces to add for decoration). A set of 6 chocolate covered and decorated pretzel rods will be created – enough for sharing with the family. Each decorated rod will be individually packaged for safe arrival home!

Saturday December 1st 10:30am – 11:15am
