February : Chocolate Valentine Cards

What a fun time your child will have as they learn and explore the possibilities when making a collection of chocolate Valentine “cards” with parent or grandparent help. The Valentine’s Day theme provides lots of opportunities for color (red, pink and white), shapes (hearts of course but also teddy bears!) and techniques. A set of 4 chocolate valentine cards will be made for giving on Valentine’s Day or eating right away! Each “card” will be packaged for take-home.

Saturday January 26th 10:30am-11:30am
Saturday February 9th 1pm – 2pm

March: Decorated Spring OREO® Cookie Box

In celebration of National OREO Cookie Day on March 6th and St Patrick’s Day in March, children will learn how to use a dipping fork and practice as they dip and decorate 5 OREO cookies in milk, dark and/or white chocolate. We will start by making special candy pieces to use for decorations in fun shapes. Each cookie will then be hand decorated using colored chocolate, small candy pieces, and the small solid chocolate pieces made during the class. Each one will be a work of art – almost too beautiful to eat! They will be individually packaged for take home and put in a take away box for safe travels.
